Program Element 3 (Game)

Wheel of Dread

Game is split to 2 different segments

Aim: Fill pie with ingredients and smash through it to find the hidden fake cockroach

Each game should not have too many objectives, and should be explainable within 3-4 sentences MAX)

Part 1 - Winning an advantage

- The first part of the game will allow the 3 participants (one from each sector) to fight for their advantage and proceed to the next round
- Advantage will allow participant to opt out from one ingredient
- Coloured balls will be released at the start of the game to the crowd.
- Selected 3 participants will stand in front of their sector while holding on to a sticky spider web
- Sector which throws most number of coloured balls onto the sticky spider web wins advantage for participant
- Only 2 players can move on to the next round (top 2)

Part 2 - Spinning the wheel of dread

- Players need to spin the wheel to choose their ingredients for their pie
- (Digital wheel with a huge button made of cardboard boxes and a red ball)
- Each participant will spin the wheel 3 times and have ingredients placed into their pie
- Advantage can be used during this part of the game
- Once the pies are filled, participants have to find a fake cockroach at the bottom of the pie using their faces ONLY
- First player to pick up the coin with their mouth wins

Ingredients

1. Boiled pig intestine
2. Boiled chicken liver
3. Boiled chicken feet
4. Sardine
5. Marmite

6. Raw eggs
7. Dirty Sock water
